

Chromebook Acceptance and Take-Home Agreement

A parent and student must sign this agreement prior the student being issued a Chromebook.

Signature of this document indicates your willingness to abide by the guidelines set forth in this document. Failure to sign and check yes on this agreement will result in your student not being allowed to participate in the Chromebook take-home program.

All guidelines set forth in this document apply both at school and at home. Failure to abide by guidelines may result in student discipline and/or losing the privilege to take the Chromebook off school property.

Participation in the Chromebook take-home program is voluntary, but is recommended for your student to take full advantage of all the opportunities the Chromebook will present. If you choose not to participate your student will be required to keep their Chromebook in a designated location at school when school is not in session. They will have full access to the Chromebook during the school day.

_____ Yes, we will participate in the Chromebook take-home program, and agree to abide by all Chromebook guidelines and conditions set by Burr Oak Community Schools.

_____ No, we choose not to participate in the Chromebook take-home program, and understand that our student will not be allowed to take the Chromebook home. **(High School Only)** We realize that this will limit our student's ability to fully participate in this program and *could* put them at a disadvantage in their classes.
